The General Terms and Conditions of Enrolment may be amended at any time without prior notice. You may access the latest version of our General Terms and Conditions of Enrolment via <https://aic.edu.au>

COURSE COMMENCEMENT

You are expected to commence studies on the course commencement date shown on your electronic Confirmation of Enrolment (eCoE). If you do not commence your course or make arrangements for an alternative start date within

two weeks of your eCoE start date, the College will cancel your eCoE for non-commencement of studies and you must postpone your course to the next available intake and pay \$100 for reissuing each new eCoE.

STUDENT ORIENTATION

It is essential that you attend orientation, as you will get all necessary important information on academic performance and attendance requirement, distance/online delivery mode, nearby banks and post office, culture differences and age sensitivity etc. The orientation date is normally on Friday, 2 weeks prior to the course commencement date. Therefore, if you are applying for a visa from overseas, you need to ensure you are able to arrive and attend orientation at least 2 weeks prior to the course commencement date.

It is your responsibility and in your own best interests that you ensure these contact details are always kept up to date with the College, or via our online system <https://ideal.rtomanager.com.au>. This is to ensure you can continue to receive important information about your course, timetable, fees, possible breaches of your student visa conditions and any other important information.

PACKAGE COURSE

Courses offered as a package are considered as one course and the commencement date is counted from the first course contained within the package. Once you enrol in a packaged course, you can not apply for a refund of the second and/or subsequent courses after the commencement date of the first course.

TRANSFER FROM ANOTHER PROVIDER

If you are transferring from another provider to AIC prior to completing six months of your principal course of study, your enrolment is subject to the provision of release from the other provider. It's your responsibility to get yourself released by the other provider.

You must pay all outstanding fees prior to granting a release.

COMPLAINTS AND APPEALS

You are encouraged to attempt informal resolution of any complaint or appeal you may have by directly engaging the staff member(s) or student(s) to whom the complaint or appeal relates. If it is not possible to resolve the complaint or appeal informally, you are encouraged to make a formal complaint in writing using the AIC Internal Appeal Form available at the College's reception or from our website: <https://aic.edu.au>. If you are not satisfied with the result or conduct of the College's internal complaints and appeals process, you may access an external and independent body to lodge your complaint/appeal. This is an assessment process that involves the assessment of the units studied based on TGA (training.gov.au) guidelines and directions regarding the relevant unit(s) of competency. Please refer to our RPL and Credit Transfer Policy and Procedure for more information.

Please refer to our RPL Credit Transfer Policy and Procedure for more information.

DEFERMENT, SUSPENSION AND CANCELLATION

The College will only grant a deferment of commencement of studies or suspension of studies under compassionate and compelling circumstances. Where you have deferred commencement in a Course and subsequently cancel the Course, the original course start date before requesting for deferral will be used as the course start date to determine whether a refund can be made. An eCoE revision fee of \$100 will be charged for each course. The College may suspend or terminate your enrolment due to unpaid fees, general or academic misconduct, or unsatisfactory attendance and/or poor academic progress in accordance with the policies. These policies also include information on your rights to access the College's appeals and grievance procedures which can be found in the Student Handbook on our website.

In particularly serious cases of misconduct that may have legal consequences in the eyes of the law, the College may report you to the relevant authorities for prosecution.

TEACHING HOURS

Please note that the College closes on public holidays and there is no refund of course fees in respect of those days. Please note that the College closes on public holidays and there is no refund (pro-rated or otherwise) of course fees in respect of those days. If external circumstances prevent us from providing face to face training, then we will conduct the training using suitable online delivery methods.

FULL TIME STUDY (ATTENDANCE REQUIREMENT)

Australian law requires international students to study full-time. A full-time study is ordinarily defined as a minimum of 20 hours per week for the registered study period. AIC monitors and records the attendance of each international student for the scheduled contact hours for the length of each study period of the course. AIC is proactive in notifying and counselling students who are at risk of failing to meet the attendance requirements as unsatisfactory attendance may lead to unsatisfactory academic progress.

SATISFACTORY ACADEMIC PROGRESS

AIC monitors and records the progress of each individual units of competency in which the student is enrolled.

If you do not have satisfactory academic progress, you will be reported to DHA which may lead to cancellation of your student visa. Unsatisfactory academic progress is defined as failing more than 50% of units in any two consecutive study periods (20 weeks). A failure in more than 50% of units in one study period (9 weeks or 10 weeks depending on the course enrolled) will trigger a review of academic progress by the College and the implementation of an intervention strategy. For more information, please refer to the College's academic progress policy and procedure available at <https://aic.edu.au> under Student Support Services – Useful Downloads.

SPECIAL LEAVE REQUEST

Regular holidays are scheduled for vocational students throughout the year. Requests for leave outside the set holidays will be approved under compassionate and compelling circumstances only. Leave requests must be made in writing with supporting documents. Fees continue to be payable while on leave. You will need to extend your course at additional expense to cover all classes and assessments missed.

Student Visa Requirements

According to the Department of Home Affairs (DHA), you must provide evidence that satisfies the assessment factors applicable to you to be granted a student visa. Assessment factors include your financial ability, English proficiency, likely compliance with the conditions of your visa and any other matters considered relevant to assessing your application". Once you have your visa granted, you have to abide by the student visa conditions such as maintaining adequate attendance and satisfactory academic progress. Please refer to the requirements for attendance and academic progress on the General Terms and Conditions of Enrolment above.

Additional information on student visa issues is available on DHA's website as well as on Study in Australia: <https://www.homeaffairs.gov.au/trav/stud>

Attendance requirement

This is one of the conditions of your student visa requirement. Immigration law requires International students to study at a full time study load. A full-time study load is normally a minimum of 20 hours per week. At AIC, all overseas students on a student visa must attend classes for 20 hours per week and maintain at least 80% of the attendance rate. However, we expect all students to maintain an attendance level of 100%.

Please be aware that if your attendance drops below 80% over any two-week-period, the College is required to review your involvement, counsel you, implement an intervention strategy and, if poor attendance persists, report you to DHA. The reporting procedure to DHA may eventually lead to the cancellation of your student visa.

AIC calculates attendance on the basis of students' actual time studying in the class. It is your responsibility to come to class every day and maintain your attendance. If a student is away from class for any reason, including medical reasons, then the time away will be deducted from the student's attendance.

If you are sick, you must provide doctor certificates with the College from the registered medical providers. The College will make a copy for record in your file and you must retain the original for further check by DHA when you are requested for clarifying your attendance for the related period.

Students on other visas – working holiday or tourist or dependant – you must also attend a minimum of 80% of your class and study 4 weeks or more if you want to receive an End-of-Course document from your teacher at the end of your course.

Please remember if you are on a student visa and you want to renew your student visa and continue your studies at AIC, or at another college or university, or change your student visa to another visa - you must have an attendance of 80% or more. It is your responsibility to come to class every day and to maintain your attendance

Academic requirement

This is another important condition of your student visa requirement. AIC expects that all students maintain a minimum level of academic performance at all times. The minimum level of academic performance AIC expects is that students pass at least 50% of the weekly review tests. All homework must be completed. All students will be assessed and monitored each week.

If your teacher considers that you are not making satisfactory course progress, he/she will meet with you to talk about it, or refer you to the Academic Manager. You may be given the opportunity to move to an easier class or to do extra activities to help you. Some of these may be:

- Developing a learning contract with your teacher or the Academic Manager
- Having some individual sessions with a teacher (there may be an extra cost for this)\
- Having extra tasks set by your class teacher to work on a particular area of weakness, e.g. computer assisted language learning, reading tasks, grammar exercises, trial tests etc.

You will be given a letter outlining the consequences if you fail to achieve satisfactory progress.

The college will do everything it can to help you with your studies. However, if you still fail to achieve satisfactory progress after being assisted by the college, you will be sent a notice of intention to report which includes information on accessing the appeal process.

Overseas Student Health Cover

Overseas student health cover (OSHC) is an insurance that provides cover on the costs for medical and hospital care which international students may need while they are in Australia. It also pays for most prescription drugs and emergency ambulance transport.

If you are an international student studying in Australia, you must purchase an approved OSHC policy from a registered health benefits organisation – commonly referred to as health funds before applying for your visa. You will need to buy OSHC before you come to Australia, to cover you from the date when you arrive. You will also need to maintain OSHC throughout your stay in Australia. Please refer to <https://immi.homeaffairs.gov.au/visas/getting-a-visa/visa-listing/student-500#Eligibility> for details.

The College arranges visa-length OSHC with OSHC AHM and Medibank Private. You can pay the health cover premium when accepting your letter of offer. The college will inform DHA that OSHC is in place for you and your family members and will indicate this on your Confirmation of Enrolment (CoE).

You can also buy OSHC insurance from an approved Australian health insurance provider yourself. When you accept your unconditional letter of offer, you must indicate that you have purchased OSHC for the duration of your course.

Pathways

Graduates of the College may seek credits to the relevant degree programs in Australian Universities. The College has some special arrangements with a few education providers which offer tertiary degree courses. For details, please check the Marketing Staff via e-mail at marketing@aic.edu.au.

Student ID Cards

Each student will be issued with a Student ID card. The card records student information such as name, student number, student photo and validity period of the ID card.

Working in Australia

When you are granted a student visa, your work permission is automatically granted. But you and your family members can only work when you have commenced your course of study. Immigration laws allow students to work for a limited number of hours, currently 40 hours per fortnight during any fortnight during the College study time and full-time during holidays. However, work is not always easy to find and under no circumstances can students rely on income earned in Australia to pay tuition fees. Students are not permitted to work if it interferes with their study.

You also need to get a Tax File Number (TFN). If you don't, you will pay too much tax. To know more about TFN and to apply, please go to the Australian Taxation Office (ATO) website, www.ato.gov.au, click on 'for individuals', go to the link that says 'apply for a tax file number' and follow the instructions. International students who are enrolled in a course that is longer than 6 months are considered residents for tax purposes. Organisations such as banks, financial institutions and employers are entitled to ask for your TFN.

School-aged Dependents

There are requirements for compulsory school attendance for children or dependents of international students. In New South Wales, it is compulsory for children to attend school until the age of 16. The choice of schools includes public schools, private schools and religious schools. People over the age of 16 can continue to attend school until they have completed year 12. Dependents of persons holding a student visa may be required to pay full fees in any school, college or university that they enrol in whilst in Australia.

The following types of accommodation are available for international students:

- Shared Accommodation: \$300.00 - AU\$350 per week including gas and electricity. It is where an international student lives with an Australian family by renting one room but does not eat together with the Australian family.

Once you are familiar with the study and life in Australia, you can rent a room and live with a family without meals or lease a flat and live by yourself and share with other students. Further details can be obtained from the Student Services Officer.

AIC employs professional homestay companies to organise homestay for our students. Currently, we have the contract with Australian Homestay Network for the service. Our Student Services Officer is responsible for monitoring the services provided.

Transport

With one of the highest standards of living in the world, Australia offers modern transport systems. Australia has an extensive public transport system that includes trains, buses, tramways, ferries, two major national airlines and a number of regional airlines. Metropolitan areas are divided into zones and your ticket type and cost depends on which zone you are going to travel in and for how long. Tickets (Opal cards) can be bought at train stations, on buses, trams or at newsagencies.

Tourists and students may drive in Australia on a valid overseas driver's licence but if the document is not in the English language, you must carry a translation with the permit. An international driving licence is not sufficient by itself.

Metered taxicabs operate in all major cities and towns. You will find taxi ranks at transport terminals, main hotels or shopping centres or you can hail taxis in the street. A light and sign on the roof indicate if a cab is vacant. There is a minimum charge on hiring and then a charge per kilometre travelled. Taxi drivers do not have to be tipped.

It is important that you pay correct fare on public transportation. Please be aware heavy fine will apply if you forget to tap on and off at the stations. Please see detailed information at <https://www.transport.nsw.gov.au/>; or you can call Online Ticketing on (02) 82022220 or go to Transport for NSW at 18 Lee Street, Chippendale NSW 2008 for detailed information. Study Methods

In Australia, much emphasis is placed upon private (individual) study along the lines of assignments, on research and learning to analyse data and present arguments about subject matter, and on being willing to defend one's argument. All these involve intensive note taking in lectures, and active participation in the learning process (as opposed to passive listening and note learning).

To be a successful student in Australia, you will need to adapt to these methods of learning, but the College is willing to help as the College offers counselling services and assistance to develop effective study skills. Our trainers have vast experience teaching overseas students, they understand the difficulties in getting used to different study methods and they will be patient in helping you to develop new skills.

Course Delivery

At Australian Ideal College, we aim to make learning English enjoyable, ensuring that students understand that they are here to learn. Language teaching is in English only, with emphasis on the four skill areas of speaking, listening, reading and writing. Teachers concentrate on the practical use of all aspects of the language in everyday situations. We use materials especially designed for the individual needs of our students.

Students are tested on arrival, and placed in classes according to their level. Whenever possible, we try to organize international classes to encourage students to feel natural using English to communicate.

Course Assessment

Over the duration of the course, teachers monitor and assess evidence of student's progress observed in homework, class activities and tasks designed to achieve the target learning content. Teachers make continual observations of learners' individual performances with reference to the course's aims and to the agreed objective definitions of the assessable performance criteria relevant to the course's specified Learning outcome.

End of Course Certificate to be Issued

All students will receive an End of Course Certificate which includes the following information:

- the start and finish date of the program of study
- the duration in study weeks
- the level of the course
- the grades achieved
- a key to grades
- descriptors specific to level(s) and course(s)

This is an important document and must be kept safe because **you will need it to extend your visa or use it as evidence of your English proficiency to waive the English test for some vocational or higher educational courses.** If you lose it, a replacement copy must be ordered and a fee will be charged.

Plagiarism

Plagiarism is the copying, paraphrasing or organization of work, in any form without acknowledgement of sources, and presenting this as student's own work.

AIC will not tolerate plagiarism or cheating, and a penalty may be imposed if student is accused of either.

Examples of plagiarism could include, but are not limited to:

- using any notes or other resources without permission during formal testing
- submitting someone else's work as student's own (with or without that person's permission)
- submitting a completely duplicated assignment
- submitting materials that paraphrase or summarise another person's work or ideas without the proper acknowledgement
- failing to put a quotation in quotation marks
- stealing an examination or solution from a trainer.

In the case of group assessments, if cheating of any kind is found in a group work, all members of the group will be held responsible and will be subject to disciplinary action.

If student is suspected of cheating, the trainer will investigate to establish evidence to support the suspicion.

If there is evidence to support the suspicion, the trainer will notify the Director of Studies and request a time to discuss the matter. Student will have the opportunity to counter the allegations made against him/her. Once student has provided the information, the Director of Studies will determine the seriousness of plagiarism and come to one of the following decisions:

- Resubmitting the assessments
- Issuing a warning letter to the student for academic misconduct, receiving Not Yet Competent (NYC) grade in that unit and the requirement to repeat a unit or to do reassessment.
- In very serious cases of plagiarism, student may be expelled from the college or refused re-enrolment in his/her course.

Student will be advised of all penalties in writing.

If student is accused of and organisation for cheating and believe that the accusation is unjust, student has the right to appeal against the charge. This appeal must be lodged in writing with the Director of Studies within one week of the penalty being imposed.

The appeal will be investigated and a decision will be advised to student within a week of the appeal.

Use of Personal Information

Information is collected during your enrolment in order to meet the College obligations under the ESOS Act and the National Code 2018; to ensure student compliance with the conditions of their visas and their obligations under Australian immigration laws generally. The authority to collect this information is contained in the Education Services for Overseas Students Act 2000, the Education Services for Overseas Students Regulations 2001 and the National Code of Practice for Registration Authorities and Providers of Education and Training to Overseas Students 2018. Information collected about you during your enrolment can be provided, in certain circumstances, to the Australian Government and designated authorities and, if relevant, the Tuition Protection Service (TPS). In other instances, information collected during your enrolment can be disclosed without your consent where authorised or required by law.

It is a requirement of the Australian Quality Training Framework that students can access personal information held by the College and may request corrections to information that is incorrect or out of date. We audit and review data to make sure personal information is accurate, complete and up to date. Apply in writing to the Director of Studies if you wish to view your own records.

Except as required under the Standards for Registered Training Organisations or by law, personal information about students including photographs is not disclosed to third parties or for any promotional purposes without written consent of the student.

Complaints and Appeals

You are encouraged to attempt informal resolution of any complaint or appeal you may have by directly engaging the staff member or student to whom the complaint or appeal relates. If it is not possible to resolve complaints informally, you are encouraged to make a formal complaint in writing using the AIC Internal Appeal Form available at the reception or on the College website: www.aic.edu.au. If you are not satisfied with the result or conduct of the College's internal complaints and appeals, you may access an external and independent body to hear the complaint and appeal.

Dispute Resolution Procedure

If a student is dissatisfied with the outcome of grievance resolution procedure (internal appeal) student can access external appeal through the Commonwealth Ombudsman.

The Commonwealth Ombudsman:

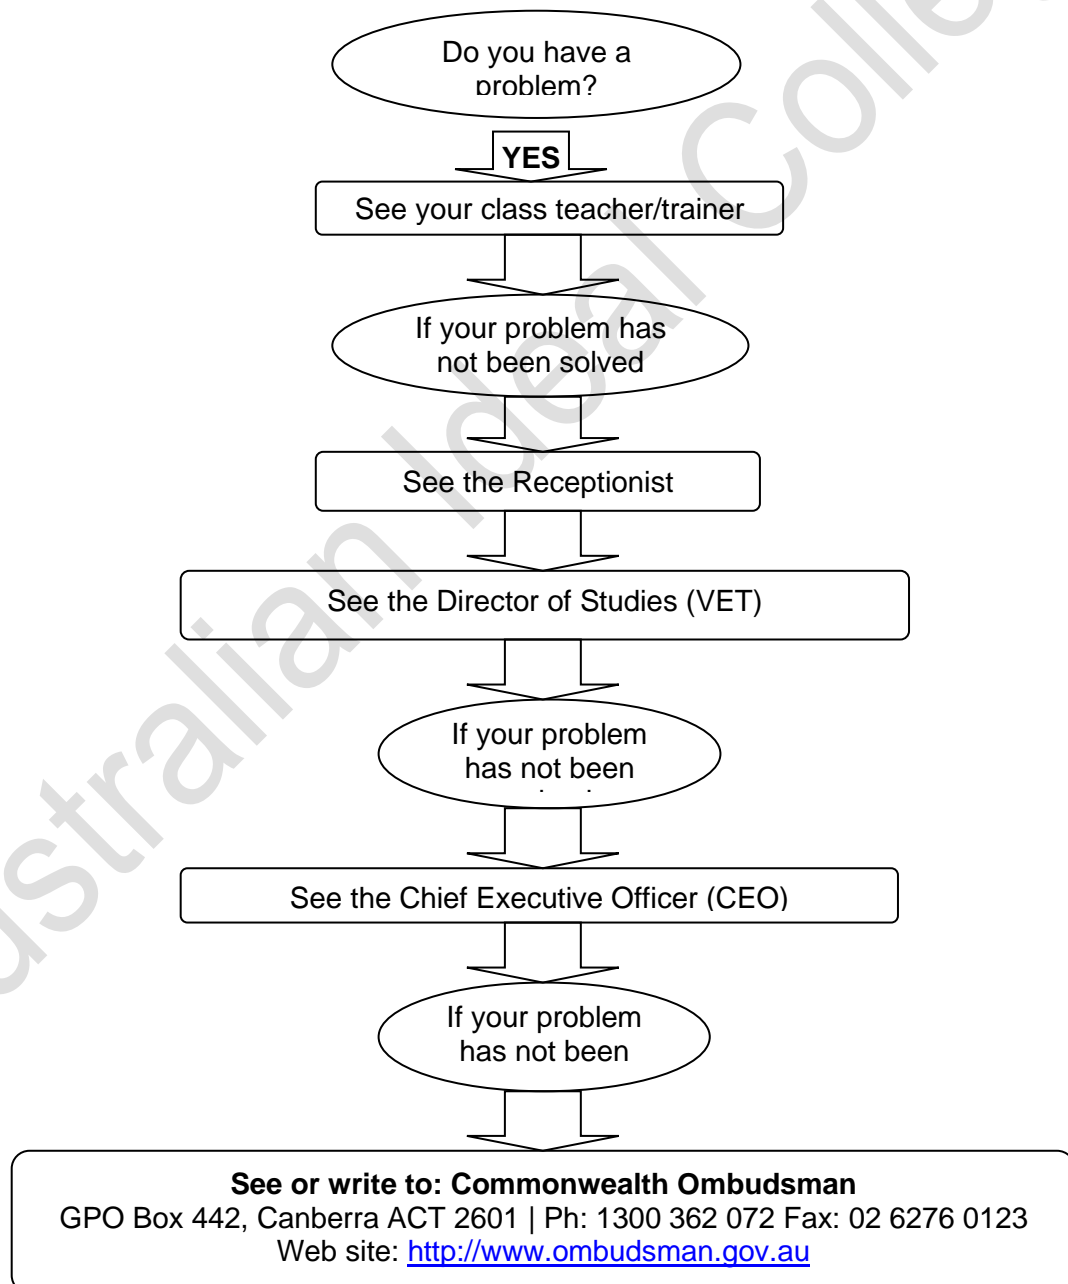

- provides a free service
- is independent and impartial, and does not represent either overseas students or private education providers
- can make recommendations arising out of investigations
- is a function of the Commonwealth Ombudsman.

Please visit the website to access external appeal process. <https://www.ombudsman.gov.au/>.

Note: If the complainant decides to proceed with external appeal, they should notify the College of this, so the time is allowed for this process. Student MUST provide (within 5 working days) the evidence of where a student has accessed an external appeal process.

What to do if you have a problem or grievance?

If you have a problem with the College, you have a grievance. We understand that problems, differences and grievances sometimes happen and we try to solve them. If we can't solve the problem, you can ask people outside to help. The student will be asked to formally present his or her case. Each party may be accompanied and assisted by a support person at any relevant meetings

Social and Recreational Activities

- Mixed nationality classes and end of block parties, enabling students to broaden their horizons and learn about other cities in other countries they may only have dreamed of.
- Students in Sydney can find upcoming events via the link: <http://www.sydney.com/events>, and in Adelaide via <https://www.eventbrite.com.au/d/australia--adelaide/events/> providing students with the chance to see all of what Sydney and Adelaide have to offer.
- The College also put the flyers provided by some travel agents on the noticeboard so students may join the tour for skiing on the snow mountain or one day tour to different sightseeing spots on weekend etc.
- The Excursions organized by the teachers or students themselves, providing a great time to practise social English and a fun way for students to get to know Sydney from the world-famous Opera House and Harbor Bridge to the sensational Taronga Zoo, Art Gallery and Darling Harbor attractions and Adelaide from Adelaide Central Market (CBD), Victoria Square Tarntanyangga (CBD), Glenelg Beach and Hahndorf etc.

Expulsion for Discipline and Behaviour

AIC reserves the right to suspend or expel students for serious breaches of discipline and behaviour. Smoking, possession and or use of drugs, alcohol or any illegal substance by the student on College premises will lead to immediate expulsion. Vandalism and graffiti on College premises will incur minimum \$200 fine and may get expulsion depending on the damage. No refund of tuition fee will be made in such cases.

Transferring to another education provider to study

Have you completed six months of your principal course of study?

(Your principal course is usually the final course of study you will undertake. For example, if you are studying ELICOS followed by a Bachelors programme, the Bachelor degree is your principal course.)

If you haven't completed six months of your principal course and you need a letter of release, you need to...

The Australian Government wants overseas students in Australia to have a safe, enjoyable and rewarding place to study. Australia's laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS framework and they include the *Education Services for Overseas (ESOS) Act 2000* and the National Code.

Protection for overseas students

As an overseas student on a student visa, you must study with an education provider and in a course that can be found on the Commonwealth Register of Institutions and Courses for Overseas Students (CRICOS) at <http://cricos.dest.gov.au>. CRICOS registration guarantees that the course and the education provider at which you study meet the high standards necessary for overseas students. Please check carefully that the details of your course – including its location – match the information on CRICOS.

Your rights

The ESOS framework protects your rights, including:

- your right to receive, before enrolling, current and accurate information about the courses, fees modes of study and other information from your provider and your provider's agent. If you are under 18, to ensure your safety, you will be granted a visa only if there are arrangements in place for your accommodation, support and welfare.
- your right to sign a written agreement with your provider before or as you pay fees, setting out the services to be provided, fees payable and information about refunds of course money. You should keep a copy of your written agreement.
- your right to get the education you paid for. The ESOS framework includes consumer protection that will allow you to receive a refund or to be placed in another course if your provider is unable to teach your course.
- your right to know:
 - how to use your provider's student support services;
 - who the contact officer or officers are for overseas students;
 - if you can apply for course credit;
 - when your enrolment can be deferred, suspended or cancelled;
 - what your provider's requirements are for satisfactory progress in the courses you study;
 - if attendance will be monitored for those courses;
 - what will happen if you want to change providers; and
